Legumes

21 TO 23 APRIL

World Soups

17 TO 19 NOVEMBER

Eat smart with the Eldora nutritional programme

In spring 2026, we will be focusing on what we consider to be a somewhat neglected food group: legumes. Lentils, beans, peas and the like are not only extremely high in protein, but also rich in fibre – something that is often lacking in our diets. In autumn, we will be cooking healthy but filling soups from around the world

Eating behavior has a significant impact on our well-being. Our Smart Eating meals are designed for office workers and are based on the guidelines of the SGE (Swiss Society for Nutrition). Specifically, with Smart Eating, you can expect delicious meals that ...

- contain a maximum of 600 calories,
- are low in salt and fat,
- are prepared extra gently,
- have a high protein content,
- are healthy, enjoyable and sexy.

Olympic Winter games

10 BIS 12 FEBRUARY

While the athletes compete for medals in northern Italy, we cook delicious Italian food.

Fussball-WM

23 TO 25 JUNE

Wir kochen Gerichte aus den Gastgeberländern Mexikos, Kanadas und der USA.

Oktoberfest

... IN OKTOBER

... the world looks to Bavaria. We also have classics from the beer tent to savour.

Culinary Backpacker

17 TO 19 FEBRUARY

1 TO 3 SEPTEMBER

From Kung Pao chicken and dan dan noodles to kumara rösti and pavlova, we pack the finest ingredients from China, Australia and New Zealand into our travel rucksack.

DIE GENUSSWOCHE

22. BIS 24. SEPTEMBER

National Culinary Week invites us to savor food at leisure, to rethink our relationship with food, and to be curious about the origins of our food. Each year, we focus on a culinary theme that we realize in our restaurants.

Wish a dish

ANYTIME

Send us your favorite dish or menu request via the restaurant's website. We will check to see if your request can be accommodated. If everything fits, we will prepare and cook the menu at the restaurant a few weeks later.

Swiss Cuisine

From Pizzocheri from Graubünden to Papet Vaudoise from Vaud. We cook the most popular classics from different cantons.

Advents calender raffle

24 doors with 24 prizes. Take part in our Advent calendar competition and scan the QR code on the Advent calendar in the restaurant every day. In addition to small daily prizes, you can also win a large overall prize. Good luck!

ACTS OF GREEN

FEBRUARY TO NOVEMBER

«Save the Planet»?

As a company and in its restaurants, Eldora AG has been committed to sustainability, fairness and environmental protection for many years. We recognize that we cannot save the entire planet on our own. But we act responsibly every day and make our contribution with many individual good deeds - the **ACTS OF GREEN**.

Eating in an environmentally friendly way does not mean asceticism, but rather the **right mix of food and enjoyment with a clear conscience**.

From February to November, we will dedicate one day a month to raising awareness of sustainable issues.

Since 2016, we have been guided by the 2030 Agenda adopted by the UN and its 17 goals for sustainable global development.

**ZIELE FÜR
NACHHALTIGE
ENTWICKLUNG**

1 Act of Green appears wherever you can „earn“ a good green deed.

In addition to the Acts of Green days, there are other promotions on the subject of sustainability.

VEGANUARY

Take part in the international campaign and try your way through our varied vegan menus in January.

Welt-Vegi-Tag

1. OKTOBER

Eating vegetarian food more often is good for us and the environment. Join in!

Welt-Vegan-Tag

2. NOVEMBER

For World Vegan Day there is a delicious menu, completely without animal products.

Alp Valpun  1882 m. ü. M.

ALPKUH-PATENSCHAFT

seit 2015

6 TO 8 OCTOBER

Finest alpine cheese from our alpine cows

Eldora has been supporting the Roffler farming family in Prättigau (Graubünden) since 2015 and sponsors an alpine cow for every Eldora restaurant. The cows spend the summer on the beautiful Valpun Alp at around 1882 metres above sea level, where they can enjoy mountain herbs all day long. The milk is processed into wonderfully tangy and creamy alpine cheese, which we turn into delicious menus in autumn.

Star of the season

Sustainability starts with purchasing. That's why we buy regionally and seasonally. We celebrate the season's vegetable stars with numerous delicious menus.
